Douglas' Story: New Hope in Zambia

"My life has been rough—both of my parents died, my sister was impregnated by a man who refused to marry her, and I was unable to attend school for many years due to financial problems. I constantly asked, 'Why has God treated me like this?'"

Watching the *JESUS* film saved me from my unbelief. Thank you for helping me see God is a God of love who takes care of our lives. Christ opened my eyes—I know He is taking care of my future. I will serve Him from this moment on."
